*Report of facilities in the Institution for the management of the following types of degradable and non-degradable waste*

- Solid waste management
- Liquid waste management

The college has taken an initiative for the management of solid and liquid waste. Maximum waste material is recycled and reused. At the first with the help of all cleaning staff waste materials are segregated before dumped for disposal. The various types of waste material are generated in the college campus like Paper waste, dry - natural waste (leaves) and liquid waste/ sewage and also huge amount of Garden waste in the form of leaves which is stored in separate chamber and treated the soil to shape fertilizer and utilized for natural cultivating. The liquid waste is reused through sewage treatment plant, and utilized for cultivating.

### 7.1.3. Solid Waste Management

### 7.1.3 Liquid waste Management

### 7.1.3 Liquid waste Management
